

## **Overhanging vegetation or creation of a driveway without a proper dropped kerb**

Please report these to Steyning Parish Council :

- Overhanging vegetation
- Creation of a driveway without proper dropped kerb

If you spot any households who either have vegetation growing out from their property which is obscuring the adjacent pavement or road or those who have created a driveway without proper dropped access and are driving across the pavement, it would be helpful if you could please report these to Steyning Parish Council.

We have agreed with West Sussex County Council Highways Team that we will contact the resident in the first instance but if after two weeks no action is being taken, then we will pass the case onto them for them to pursue.

Please telephone 01903 812042 or email [spcadmin@btconnect.com](mailto:spcadmin@btconnect.com)

Thank you
